

# Math For Medicine

## The Law of Measure ... Like Gravity!

### Volume

30 mls = 1 oz

1 ml = 2 droppers

1 dropper = 18 drops

### Weight

1 oz = 28 gs

1 g = 1000 mgs

♥ 1. Give thanks. ♥

2. Get favorite math juice.

3. Get plant material. (Know the % CBD/THC)

4. Measure weight in grams.

5. Convert to milligrams. (Multiply by 1000)

6. Multiply % constituents by mgs of dry plant material.

7. Make medicine, strain and measure liquid in mls.

8. Divide mgs of constituents by mls of liquid.

#6/#7 = Dosage in mg/ml
